

INTERACTION

PRESS RELEASE

New Danish member for interACTION

For the distribution of its Q-CONNECT house brand in Denmark, INTERACTION, the European alliance of business supplies distributors, has signed a membership agreement with the company REMMER A/S.

REMMER, based in Copenhagen, is a nation-wide independent contract stationer. This family owned business, with an experienced staff, has a very clear and ambitious growth strategy, which perfectly blends with the targets INTERACTION has set for its Q-CONNECT brand.

Q-CONNECT was previously distributed in Denmark by MML, before they were acquired by Corporate Express.
